

# **FISCAL NOTE**

## **SB 28 - HB 18 SECOND EXTRAORDINARY SESSION**

November 9, 1999

### **SUMMARY OF BILL:**

- Requires publication of notice of appropriations to charitable organizations by counties. Current law only requires notice of such appropriation to non-profit organizations that are not charitable organizations such as civic organizations or chambers of commerce.
- Specifies that the summary of a municipal audit must be approved by the comptroller of the treasury prior to publication.
- Provides for the publication of the summaries of audits of certain county offices in at least one newspaper of general circulation within the county.
- Requires that statewide rather than in just select counties, contracts by local governments for information management services be procured through a request for proposals process.
- Specifies that the proceeds of motor vehicle registration fees be reapportioned from 98% to the highway fund and 2% to the general fund to 90% to the highway fund and 10% to the general fund.
- Deletes provision specifying that the required disclosure of returns and tax information to the comptroller of the treasury only applies to state tax returns and information and the provision specifying that disclosure of federal tax returns and information may be made if permitted by federal law or if any prohibition of disclosure is waived by the appropriate federal agency.

### **ESTIMATED FISCAL IMPACT:**

**Increase Local Govt. Expenditures - Not Significant**

**State Revenues - Shifts approximately \$14,000,000 from the Highway Fund to the General Fund**

Assumes counties will experience an increase in expenditures for the cost of publishing the required notices of appropriations and audit summaries. This increase is estimated to be not significant.

Shift in revenues is based on estimated annual collections of motor vehicle registration fees of approximately \$175,000,000.
